

Connecting the System

London Leadership Academy Leadership Roadshows 2017

From December, the London Leadership Academy will be touring the capital in our new Regional Roadshow series where we bring a taster of our high-quality leadership workshops to your workplace.

Empowering leaders to connect across the health and care system is crucial to ensure the future delivery of our service. Leaders who develop, connect and share across organisational boundaries will be able to innovate to meet current challenges.

A workshop will be held in each of the five STP geographies (North West London, North Central London, North East London, South East London, South West London) to enable staff on the frontline of service to take time and space, to develop themselves as leaders, to connect with others facing similar challenges in their STP patch.

This is a chance for you to take advantage of the LLA's leadership development offers and to connect with others across your organisation and beyond. These workshops are particularly targeted at frontline leaders who don't often get the opportunity to take time and space for themselves. **Click here** to see where we are visiting. If you would like to host the LLA in your organisation, email LondonLeadershipAcademy@hee.nhs.uk or sign up to the LLA newsletter to hear about our latest offers.

“It can feel quite siloed and isolated so the aim was to enable much more collaborative working... I'm most proud of the stories that I hear when people have had positive experiences because of something that I implemented.”

Reach for Success – Solutions Focused Coaching Skills

Jenny Garrett

22nd January 2018, 13:30 – 16:00

Great Ormond Street Hospital, Great Ormond St, London WC1N 3JH,
Lecture Theatre, Weston House

Jenny Garrett is an Award Winning Coach with over 11 years' experience of running a Global Business. She is a Freeman of the Guild of Entrepreneurs – City of London and was listed in Brummell Magazines Top 30 City Innovators 2016. Her mission is to transform the world for everyone, one empowered woman at a time. She uses her years of experience in coaching and leadership to inspire and motivate people, working with them to deliver career and life changing results beyond expectation.

When time and money are scarce, how do you motivate your team and yourself to increase performance and productivity? Taking a solutions focused approach is a quick, effective and positive method of raising the bar and releasing the time you need to be strategic. In this interactive session, you will be introduced to the theory underpinning the Solution Focused approach, practice being solutions focused and take away ideas on how you can use these skills immediately in the workplace

- Be introduced to a new tool to enhance your leadership
- Be consciously aware of the skills needed to be solution focused
- Take a new positive approach to motivating staff

This workshop is hosted by Great Ormond Street Hospital and is open to attendees at the following organisations:
