

# Connecting the System

## London Leadership Academy Leadership Roadshows 2017

From December, the London Leadership Academy will be touring the capital in our new Regional Roadshow series where we bring a taster of our high-quality leadership workshops to your workplace.

Empowering leaders to connect across the health and care system is crucial to ensure the future delivery of our service. Leaders who develop, connect and share across organisational boundaries will be able to innovate to meet current challenges.

A workshop will be held in each of the five STP geographies (North West London, North Central London, North East London, South East London, South West London) to enable staff on the frontline of service to take time and space, to develop themselves as leaders, to connect with others facing similar challenges in their STP patch.

This is a chance for you to take advantage of the LLA's leadership development offers and to connect with others across your organisation and beyond. These workshops are particularly targeted at frontline leaders who don't often get the opportunity to take time and space for themselves. **Click here** to see where we are visiting. If you would like to host the LLA in your organisation, email [LondonLeadershipAcademy@hee.nhs.uk](mailto:LondonLeadershipAcademy@hee.nhs.uk) or sign up to the LLA newsletter to hear about our latest offers.

*“I just wanted to give a voice to all the people, we're a huge organisation and we just wanted to make sure that everyone felt included... If people feel valued, their work is going to be that much better.”*

*Lee Hyett Powell, 2017 Leadership Recognition Award Winner, Inclusive Leader*

## South East London Leadership Workshop

# Using Story Telling as a Communication Tool

Ruth Sangale, Enjoy Work

4th December 2017, 13:30 – 16:30

Lessof Auditorium, Education Centre, University Hospital Lewisham, SE13 6LH

Ruth Sangale is a creative leadership development facilitator and coach with 20 years HR and OD experience in the public and private sector. In the last 5 years she has specialized in creativity and innovation and now works with a varied portfolio of clients within the health and private sector, designing and delivering workshops on aspects of leadership such as managing conflict, creative problem solving and developing resilience. She also trains managers to become qualified coaches.

Storytelling has been used for centuries as a tool for engaging people, sustaining traditions and invoking behavioural change. More recently the power of storytelling has been recognised as a skill for leaders who want to inspire change and as a tool for engaging change across whole organizations or communities.

This workshop will introduce you to a methodology for using storytelling...

- to enable behavioural change in a way that brings about excitement and buy in
- to develop your own personal story by reconnecting to the “why” of your role.

This workshop is hosted by Lewisham and Greenwich Healthcare Trust and is open to attendees at the following organisations:

- Guy’s & St Thomas’ NHS Foundation Trust
- Health Innovation Network
- South London & Maudsley NHS Foundation Trust
- Kings College Hospital NHS Foundation Trust
- Lewisham and Greenwich Healthcare NHS Trust
- Oxleas NHS Foundation Trust
- South East London CCGs and Community Organisations
